A DASTARDLY HOLD UP

ATTEMPTED ON THE STREETS ON SATURDAY NIGHT.

A Villain Tried to Take Pocket Book from the Hand of Mrs. Reuben Rupp

A dastardly but unsuccessful hold-up was attempted on Saturday evening on Washington street at Mr. Rupp's home. Mrs. Rupp, manager of the boarding house on North Washington street, was carrying a large number of some of her boarders' things from her quarters and went out in the evening to put a number of bills and a considerable sum in her purse when she started for her home. It was about ten o'clock when she reached the main entrance to the college campus. It was bright moonlight and the electric light at that point was not burning on account of the moonlight shining. She noticed a man across the street and stop at the gate. As she came near him he started as to go up town and when directly opposite her he made a grab at her. She immediately tore away from his grasp and jumped back. He then made another attack and Mrs. Rupp, fearing he was going to take hold of her and take her purse, screamed. The man then turned and fled through the campus between the president's house and new Recreation Hall toward the railroad. Several students were on their way to college and not far off when Mrs. Rupp screamed and their apprehension is believed had something to do with the wretch taking to his heels. Mrs. Rupp describes her assailant as tall and strongly built with bad pulled down over his face and coat collar turned up. She did not recognize him at all but believes she could identify him if approached. In her opinion he was a stranger and probably had seen her at the stores with a filled purse.

It is possible that the same hold robber who unsuccessfully held up Mrs. Reuben Rupp had first attempted to hold up J. Emory Plank near the warehouse of J. Geo. Wolf's Sons shortly after the arrival of the 9:05 train on the Reading Railroad. Mr. Plank's answer to the hold-up was a quick unexpected blow which sent the hold-up man to the ground. Mr. Plank was unable to distinguish who his assailant was and is of the opinion that he was a stranger.

The warehouse of J. Geo. Wolf's Sons was broken into the same night. The cash drawer was broken open. It was empty and the thief got nothing for his trouble. The drawer contained a number of receipts which were carried to the door, likely to discover if they were of value, and then scattered over the floor. Messrs. Wolf have not missed anything of value. The thief was evidently after money and being unsuccessful in this direction, left without further molestation of property.

These episodes should warn our citizens to have a care at night, as it is likely the work of a gang or one man who does not long remain in any one community.

TRUMPHANT DEMOCRACY.

There is much about the recent election to enthrone and encourage Democrats. The handsome Democratic Majorities in the county are the strongest proof that the Democracy of old Adams is in a united and harmonious condition.

POLITICAL NOTES.

The Republicans had a majority of 54 in the House of Representatives in the last Congress. In the new Congress elected last week this majority has been reduced to 41.

Two Loads of Shot.

A shooting took place Tuesday evening of last week on the farm of Martin Harmon in Straban township about two miles from Hunterstown.

General Debility

Day in and day out there is that feeling of weakness that makes a burden of itself. Food does not strengthen. Sleep does not refresh.

Hood's Sarsaparilla

It vitalizes the blood and drives out all the impurities. In usual liquid form it is taken in the form of tablets called Sarsaparilla.

Town Council Meeting.

The regular monthly meeting of the Town Council was held on Wednesday, a postponement being made from Tuesday night by reason of the election. Mr. Gilbert presided, with following members present: Wiernman, Butt, Hamilton, Kitzmiller, Tawney, Beck and Trostle.

The matter of annexing certain property on north side of town proposed by Martin Winter at the October meeting was the first matter to be considered. A request also came from the same party for the building of a sewer, on north side of Broadway. A motion was made that the Ordinance committee be instructed to prepare an ordinance providing for the annexation of this land. No action was taken as to the sewer.

Street Commissioner Warner was instructed not to gather any more ashes from over the town, that every body should take care of their own ashes.

It was suggested that two policemen serve at night, instead of one, and Street Commissioner Warner being a sworn officer, could attend to day duty. Councilman Tawney's motion seconded by councilman Butt carried that the two policemen be on duty at night, from now until April 1.

Councilman Butt's motion carried that the ordinance committee be instructed to prepare an ordinance ordaining the alley on the south side of East Middle street and run across East Confederate avenue.

A communication was made from citizens of the third ward requesting J. A. Tawney to set back his fence, and make an ash walk along one of his properties. No action was taken.

MAKE THIS YOURSELF

SAYS MANY PERSONS HERE CAN BE MADE HAPPY AGAIN

Tells How Any One Can Prepare Simple Home-Made Mixture, Said to Overcome Rheumatism.

There is so much Rheumatism here in our neighborhood now, that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce fluid Extract Dandelion, one ounce Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple receipt is said to strengthen and cleanse the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffer from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

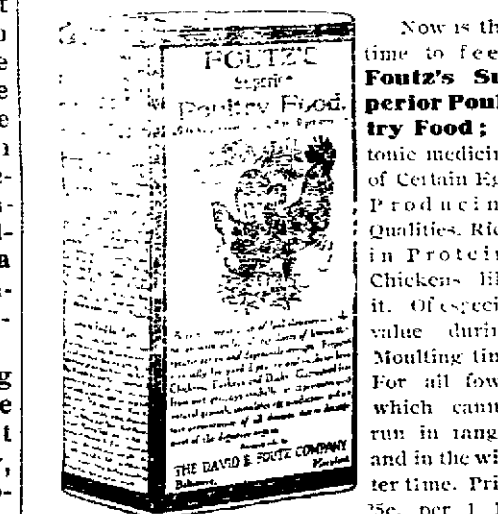

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

RICHEST STATE IN UNION

PENNSYLVANIA NOW LEADS IN PERSONAL PROPERTY

Increase in Year of Depression Broke All Previous Record.

Pennsylvania now leads the Union in the amount of personal property owned within its borders and returned as subject to taxation. The report of such property for 1908 was completed recently for the board of revenue commissioners, and shows that, in spite of business depression, personal property reported increased almost \$92,000,000 over the aggregate of 1907, which was the high-water mark, and that the total now reaches \$1,101,543,428.94. No other state, it is said, comes near touching such a figure in property returned. New York is fully \$200,000,000 behind Pennsylvania.

The announcement of these figures caused astonishment, and Auditor General Young, in whose department the figures were compiled, stated that they broke all records. The gain of \$91,943,114 in one year ran the total up to \$1,101,543,428.94, establishing a record for a year's gain and a total, but this year the amount added in the returns from the counties reached \$91,943,114.

Adams county's increase is \$16,175.

At the annual meeting of the stockholders of the Western Maryland Railroad Company held in Baltimore about two weeks ago, Receiver B. F. Bush submitted a statement for the year showing an increase of revenue with a new revenue increase of \$213,922.26. The Board of Directors was re-elected for another year and at the election the fact appeared that a majority of stock was in the control of the Goulds, and had not changed hands as alleged.

Mr. Winslow S. Pierce could not state when the receivership would be lifted. He said that Mr. Bush was handling the property admirably, and that it would emerge from the receivership in excellent shape, provided no hostile legislation intervened to embarrass those who are trying to work out the proposition. He reiterated the statement made at the time the receiver was named for the road, that this action was more due to the possible incurrence of the company's clause of the Hepburn act than to financial stringency. If, therefore, the Supreme Court upholds the recent ruling in Pennsylvania that this clause is unconstitutional the Western Maryland may soon thereafter be turned over to the stockholders.

Receiver B. F. Bush, of the Western Maryland Railroad, announced last week that his company is preparing to spend over \$1,000,000 in new equipment.

Bids have been asked of the construction companies of the country on 500 gondola steel coal cars, 10 caboose cars, 10 consolidated freight locomotives and 3 switch locomotives.

The company also has in contemplation the ordering of 500 hopper cars, with an under frame of steel. This order, however, will be held until the first consignments, which are immediately needed are placed and cared for.

The Western Maryland is the first of the Eastern roads to begin provision for the revival of trade which all transportation companies anticipate after the excitement of the Presidential election ceases. It is not so much fear of the election of any special candidate which has held back these orders, it was pointed out, as it was the fear of many industrial concerns that they might not be able to continue their factories at work with full forces when once started up.

HOME BURNT AT NIGHT

FAMILY ESCAPED IN THEIR NIGHT CLOTHES

Fire Cuts off Escape and Family Jump from Second Story Window and are not Hurt.

FAIRFIELD, Nov. 10.—The house owned by Thad Shilts in Highland township, near the Hill Church, and occupied by Charles Glenn, was burned to the ground on last Thursday night about 10 o'clock. Mr. Glenn and family had already retired. They were awakened by the flames and upon opening their bedroom door to get out found their escape cut off by the fire. They were compelled to jump from the second story window. Mr. Glenn jumped out, and then caught his two children which his wife pitched to him. She then jumped also, her husband catching her to break the fall. They escaped with only their night clothes. Mr. Shilts has an insurance on the house. Mr. Glenn had no insurance on his household goods.

The First National Bank of Fairfield opened its doors for business on last Thursday, Nov. 5. The officers were much pleased with their first day's transactions, footing up over ten thousand dollars. They bespeak the patronage of the community.

Teachers' Institute, Tuesday, Ev'ng

His lecture is out of the ordinary, in fact could hardly be termed a lecture in the full meaning of the word, but rather a one man entertainment. His work catches and pleases old a young alike and he was repeatedly applauded. He is a splendid ventriloquist and his stirring up the bumblebees, plaining and sawing wood and the sleigh bells in the distance, were real as life itself.

One minute he has tears in your eyes and the next has you shouting with merriment.

His work as a whole is simply fine and Hazleton will be glad to greet him with a much larger hearing at any time he may come back.

On Saturday he spoke both in the morning and afternoon at the Teachers' Institute at the High School building and his talks were greatly commended by the teachers and others present.—White River News, Hazleton, Ind., October 25, 1905.

HONOLULU STUDENTS.

Teachers' Institute, Thursday Ev'g

The entertainment course given under the auspices of the Home Culture Club opened last evening with the Honolulu Students. To say that they greatly pleased the audience is but stating the fact mildly. They are born entertainers and sang with a vim and snap that carried the audience with them from the start. Too much cannot be said in praise of the Sextette from the Hawaiian Islands. Every number was encores. The entertainers proved themselves to be finished singers and instrumentalists. The illustrated views of the Islands, alone were worth the price of Admission.—The Daily Herald, Northampton, Mass., Oct. 25.

It Saves You Money.

The special half price sale of Dr. Howard's specific for the cure of constipation and dyspepsia by L. M. Buchler means the saving of a few dollars on every family's yearly bill for medicine.

Each 50 cent bottle of Mr. Buchler's specific contains SIXTY doses of a medicine that is pleasant to take and which can be depended upon to cure the worst case of constipation, dyspepsia or liver trouble. Mr. Buchler has so much faith in the superior merit of this medicine that he says "If Dr. Howard's specific does not cure you, come back to my store and I will refund your money."

This remedy is not an ordinary medicine. It is the favorite formula of a famous German physician and has the endorsement of hundreds of physicians practicing in all parts of the world. It is a cure for all cases of constipation, dyspepsia, indigestion, biliousness, headache, neuralgia, and all the ailments which result from a disordered system. It is a safe and reliable remedy for all ages and conditions.

A New Novel by Mrs. Humphry Ward

Here is an Event in Fiction, a great story—an addition to the Aristocracy of Novels. All of Mrs. Ward's women pale before the white fire of the spirit of Diana Mallory. Young, gracious, sweet-heart, she is brought with brutal suddenness into cruel knowledge affecting her dead young mother.
